### FOR A QUIET WORKDAY

The TERRAIN EX4 is your best working companion on routes through the wilderness. This off-road vehicle provides a pleasant driving experience that is very useful for your work routine thanks to the Terrain EX4's quiet operation. In addition, the **15 Kwh lithium-ion battery** is designed for quick and convenient charging, making the driving experience enjoyable from start to end.

### AMPLE STORAGE

The TERRAIN EX4 has ample storage and load capacity of up to **300 kg** thanks to its large, unique cargo box. The electric off-road vehicle is designed to give you more space for you and your gear with a front storage boot and convenient under-seat storage to keep the essentials handy.

### OBSTACLE-PROOF

Ride over obstacles and take on tough terrain. The ground clearance of **309 mm** overcomes all obstacles and makes the most difficult terrain accessible. In addition, the TERRAIN EX4 helps improve your economy with unmatched durability in the market. Less maintenance and more uptime.

### THE POWER YOU NEED FOR EVERY MOMENT

Relish the moment of work in difficult TERRAIN with the **13 kW** induction electric motor, giving you the power to transport or tow large loads with ease. The TERRAIN EX4 has a dual power selector - **RANGE / POWER** - which allows you to electronically select the right driving mode for the most demanding jobs.
